How Wireless Accessories Turn Hearing Aids into Super Ears

Wednesday April 3 12:30 PM Safety Harbor Public Library

This session will teach you how wireless accessories can deliver clearer voices and sounds by connecting your hearing aids directly to your:

- TVs • Mobile Phones • Hearing Loops • FM Systems • Entertainment Systems
- Plus allow you to hear individuals or groups in noise with a personal microphone

This talk will also cover:

- Wireless devices for Hanastan, Oticon, Phonak, Rexton, ReSound, Starkey, Signia, Unitron, Widex & other hearing aids
- How to get the most out of a Roger Pen or Roger Select to handle noisy situations

Dr. Michelle Frenton, Au.D

Davis Family Hearing, HLAA Tampa Bay Advisory Board

Free Meeting supported by CART (captions) and a Hearing Loop System

The Meeting will also feature the:

- **Hot Tech Report** featuring a preview of a new, cutting-edge hearing technology
- **Social Networking Scholarship** offering a **free lunch** to a meeting attendee
- **Lunch Network Social** follows the chapter meeting at the Paradise Restaurant, 443 Main Street (3 blocks West from the library on North side)
